

MAKE WATER WORK.

WHAT WE DO

FIELDWATER restores broken water systems in hard-to-reach communities so people can depend on clean water again. We repair first, bring in qualified specialists, and document costs, results, and follow-up.

PROJECT ZERO | SITE SEARCH

Project Zero is assessing Malawi, Lesotho, and Madagascar. No country or site is selected. Scope follows assessment. Public giving remains closed and no FIELDWATER field results are claimed yet.

\$25,000

Founder/PÛR committed field-work minimum

\$50,000

Current total goal, including the \$25,000 commitment

REACH

Estimated after site assessment and distinct-user counts

ORGANIZATION AND CONTACT

FIELDWATER, INC | Indiana nonprofit corporation, formed September 2026. Federal 501(c)(3) recognition is pending. Andrew Cunningham is the founder. Media: hello@fieldwater.org | fieldwater.org/press

LONG-TERM DIRECTION

Raise globally; fund locally rooted nonprofit partners while maintaining FIELDWATER's own hands-on field capability.
